LFP BATTERY SOLUTION FOR X-HYBRID

SolaX Power introduce Phantom-X; a high quality, scalable, solar battery storage solution offering more than 10 years of life and an 80% DoD.

The new high voltage Phantom-X battery from SolaX offers the perfect scalable battery storage solution. With each battery boasting 2.4kWh of potential storage capacity the customer is free to scale their system how they like, enabling to up to 20kWh of storage per inverter it is the perfect high voltage storage system.

PHANTOM-X

- > "Plug and play" installation
- > Increased life span - highly cost effective
- > Wide temperature tolerance
- > Flexible voltage range from 100VDC to 1000VDC
- > >4000 life cycles
- > Scalable system (2.4kWh units)
- > 80% DoD
